THE WORKERS' RELIEF CONFERENCE FOR THE UNEMPLOYED

OFFICE, ~~183~~ 210 EAST BROADWAY

File - 103

NEW YORK. _____ 191

February 8th, 1915

Dear Friend and Comrade:-

The Relief work for the unemployed has called into life
The Workmen's Relief Kitchen, which has been opened at 194 Henry
Street, New York City.

Many good comrades, friends and members of our labor
organizations are badly in need of our mutual aid.

In this time of unemployment and distress in our ranks,
it is very necessary that our comrades and friends who are now in
better circumstances shall come in closer relations with the work
which we consider of importance as an immediate relief.

Beginning with Wednesday, February tenth, at eight P. M.
the kitchen will be opened to our friends to visit us.

A cordial invitation is herewith extended to you, and
we remain,

Fraternally yours,

Dr. AB. CASPE, Treasurer.

MORRIS CAESAR, Secretary.
